

COP CARS ATTACKED

IN SOLIDARITY WITH

IMPRISONED ANARCHIST COMRADES

Late at night on Friday the 17th we crept up to a police substation and attacked several police cars with rocks in solidarity with anarchist comrades arrested in Mexico. Fallon Poisson, Amelie Pillierst and Carlos López Mart were arrested on January 5th under suspicion of a Molotov attack on the Ministry of Communication and Transportation and a Nissan dealership in Mexico City, and are currently being held without bail. Neither innocent nor guilty, we extend our solidarity to them.

We also act in solidarity with the prisoners in Westville Correctional Facility refusing disgusting bland worthless sack lunches and demanding better food and conditions. Fuck IDOC, fuck Aramark.

Solidarity with all comrades in prison or facing repression!
Fuck cops, here and there!

Prisoners to the streets!
Ni culpables ni inocentes,
solo consecuentes!
Presxs a la calle!

ATTACK

ATTACK poster series is an attempt to keep acts of revolt alive. In a time of technological alienation and lobotomization by media, rebellious acts become just another entry in the police blotter or subject of social media temper tantrums. With this poster series, we seek to bring these acts into dialogue with our daily lives, allowing them to resonate beyond their initial moment.

HOW TO WHEATPASTE

Wheatpasting is a simple, dirt-cheap way of spreading ideas, news, analyses, and creative expression outside of (and against) the pacified modes made available by the institutions that control and mangle our lives. Let's reclaim, together, the means of expression from the media, Facebook, Twitter, smartphones, and everything else that reduces us to mere observers of life. *Poetry is in the streets!*

WHAT YOU NEED

- 1 cup of flour
- 2 cups of water
- Stove or hotplate
- A pot or pan
- A large paintbrush
- A bucket or container
- Flyers that you want to put up
- Latex gloves (if you don't wanna walk around with drippy hands)

DIRECTIONS

- Mix the 1 cup of flour with 2 cups of water together in a pan and stir until there are no lumps.
- Heat the mixture by boiling it until it thickens.
- Cook for about half an hour, and then let it cool.
- Put the wheatpaste solution into a container, grab a paintbrush, some flyers, and head out into the night. Keep in mind that wheatpasting is not "legal" and therefore, it is best to go late at night and avoid being seen by cops.
- When you locate a visible, non-porous surface like metal or glass, use the paintbrush to apply the wheatpaste to either the back of the flyer or the surface itself and smooth the flyer down so there are little or no air bubbles. Put some more wheatpaste on the front of the flyer (especially the edges) to secure it to the surface.
